

Superheroes!

This half term's topic is all about superheroes. We will be learning the story Supertato and using it to help us to write in different ways. We will be problem solving like superheroes and thinking about what makes us super. We will also be learning about healthy eating .

As writers we will be writing for different purposes, for example writing letters, instructions and Comic strips. We will be using our phonics to spell new words and write sentences.

As mathematicians we will be recapping on addition and subtraction. We will be learning about measures including length, height and money.

As scientists we will be learning how to eat healthily. We will be learning about different materials.

Home learning

Can you create a 3D healthy plate of food for a superhero to eat. Please have your plate in by the Friday 12th May to share with the class and explain your choices.

Curriculum Drivers

Respect: We will focus on Article 24 which teaches children they have the right to a clean and safe environment, safe water to drink, nutritious food and information to help them

Aspiration: We will be challenging ourselves to be independent writers showing perseverance and resilience.

Belonging: Through the characters in the story Supertato, we will be thinking about superheroes and villains and working together successfully.
